## PICKLEBALL CLASS DESCRIPTIONS

### **League/Ladies League** (6 Weeks)

Join our 6-week session league, where competition meets flexibility! Scores are seamlessly recorded into DUPR, and everything is managed through the user-friendly Swish app. Each session features a fresh format to keep the excitement alive, with players rotating courts weekly—winners advance to higher courts, while others shift down—ensuring balanced and competitive matches every time.

### **Open Play - Paddle System** (Weekly Drop In)

All levels welcome! The format - when one court opens up, winners stay and who lost comes off the court and new team takes the spot. Each team waiting out can go and take the next team out's spot. To play in open play you need to have graduated 101.

### **Open Play - Pro Organized** (Weekly Drop In)

All levels welcome! Our pros will match you up with players of a similar level to test your skills in a competitive atmosphere. Play with different people in our morning or evening sessions! To play in open play you need to have graduated 101.

### **Pickleball 101** (2-Hour Pop Up)

Discover the basics of pickleball in our 2-hours Pickleball 101 Pop-Up Classes, where you'll be guided through the fundamental techniques, rules, and scoring of the game. After mastering the essentials, you are invited to join our open play sessions to practice what you've learned and enjoy the game in a welcoming and supportive environment. Perfect for beginners looking to build a strong foundation in pickleball.

### **Pickles & Prosecco** (\$10/person)

Enjoy a mix of strategy, on-court movement, drills and matchplay. Followed by Snacks and Mimosa Specials (\$2). It's the perfect recipe for a fun and fulfilling morning with the ladies! Please register by Noon the Tuesday before so we have a headcount for Snack Trays.

### **Skills Building** (4-Package/Drop In)

Our Skills Building class is designed for intermediate to advanced players looking to prime and perfect their skills. Our main focus in this class will be working on drills and skills building, mastering court positioning, and perfecting shot placements.

## **COURTS 1 & 2 - CHALLENGE COURTS:**

**Court 1:** This is the top challenge court where winners stay on. Losers come off the court, and the next challengers step up.

**Court 2:** The winner can either stay on the court or choose to challenge the winner on Court 1. The losing team steps off, and new challengers can step up to compete.

## **COURTS 3, 4, 5 & 6 - REGULAR OPEN PLAY:**

Players place their paddles in line to signal they're waiting for a turn. When a game finishes, the next four players in line step onto the court. If only two paddles are waiting, the winning team may stay on the court for another game.

## **COURTS 7 & 8 - BEGINNER COURTS:**

These courts are reserved for players newer to the game, providing a more relaxed environment for practice. Similar to the regular open play, players put their paddles down to wait for a turn. If only two paddles are on standby, the winners can stay on for another game. If four paddles are waiting, all players come off, allowing the next group to play.
